

ESNCD Career Technical Education Mission Statement:

The mission of the Career Technical Education Program is to help empower students for effective participation in an international economy as world-class workers and citizens. Programs in Career and Technical Education are designed to contribute to the broad educational achievement of students, including basic skills such as reading, writing and mathematics, as well as their ability to work independently and as part of a team, think creatively and solve problems, and utilize technology.

CTE Pathways

Our Career and Technical Education Program focus is preparing youth and young adults to be college and career ready.

What is the Purpose of establishing CTE Pathways:

A hallmark of Career and Technical Education Programs has been to partnership with businesses and industry.

ENCSD has designed several career pathways to enhance a seamless transition from secondary to postsecondary to employment prepared with 21st Century skills in a global economy.

Career Pathways offered in 2017 -2018 School Year:

- **Audio and Video Technology and Film**

- **General Management**

- **Career Management**

- **Carpentry Technology**

- **Family and Consumer Science**

Upon completion of each pathway, students will work with the CTE Department to determine which courses are available at their local community college.

Key Offerings:

- Courses are aligned with industry certifications and/or credentials.
- Students will have the opportunity to perform internships, engage in cooperative education, job shadowing and attend a local community college during the Junior/Senior year in school.
- Credits earned at the community college may be transferrable to another NC community college, to UNC System institutions, and to many of the state's independent colleges and universities.
